

MONTANA  
PUBLIC HEALTH SYSTEM  
IMPROVEMENT OFFICE

STRENGTHENING PUBLIC HEALTH WORKFORCE

# FUNDING OPPORTUNITY

## OVERVIEW

The Public Health and Safety Division (PHSD) has been awarded the CDC's Strengthening Public Health Infrastructure Grant! The PHSD has released a COMPETITIVE funding opportunity for local and tribal health departments to increase their public health workforce, in order to help meet requirements of MCA Title 50 and Foundational Capabilities (<https://phnci.org/transformation/fphs>). This funding opportunity may be used to continue the PHSD-funded supplemental positions past June 2023.

## APPLICATION

**Required Information:** Type of position, position justification including anticipated outcomes from the supplemental position, payroll and other cost estimates, organizational chart showing the new or continued position, and approval from the local or tribal governing body.

**Access:** You can find the application link and additional information on Connected Community. Request to join our new community,

**PHSIO: Strengthening Public Health Systems.**

## AWARD INFORMATION

- Funding Source: CDC
- Funding for approximately **30 positions** across Montana
- Length of Funding Opportunity: July 2023 - June 2027
- Cost Sharing Required? NO
